Welcome to SSHOA

Sidewalk improvements

We had Precision Concrete Cutting come in to grind the sidewalks and walkways. Grinding is a good option as it does not require the very expensive cost of replacement. There are several areas where grinding would not be as effective, so those areas will have replacement. The replacement will occur in October.

Large projects planned for the Fall/Winter

There are 2 large projects: As already discussed, concrete replacements along with the tennis courts. And we will be refurbishing one kids' park as well.

Annual HOA Meeting

The Annual Homeowner's Association meeting for this year will be September 9th at 7:00 p.m. The agenda will be a message from our President of the HOA. The Manager will again provide a Q&A of FAQ's (what is HO3 vs HO6 for insurance, what is a PUD, etc.) This is a great time for new homeowners and residents, as well as long time residents, to come and meet the board and new neighbors.
